

Dear Breeders, Farm Managers and Booking Personnel:

The Pin Oak Stud breeding shed will officially open on Monday, February 13, 2012. Should your mare require service prior to this date, please don't hesitate to call the farm to schedule an earlier appointment.

We thank you for your patronage of Pin Oak Stud stallions and look forward to working with you in the coming season. Please call us at (859) 873-1420 with any questions or concerns.

PIN OAK STUD, LLC 2012 Breeding Shed Requirements

<i>Booking Hours:</i>		<i>Office Numbers:</i>	<i>Breeding Shed Times for 2012:</i>
Monday – Friday	7:00 a.m. – 5:00 p.m.	(859) 873-1420 phone	7:30 A.M.
Saturday – Sunday	7:00 a.m. – 4:00 p.m.	(502) 695-9090 phone	1:30 P.M.
		(859) 873-2391 fax	5:30 P.M. only if necessary

- ***We do not use shed forms.** A brief breeding report for your records will be given to your mare’s attendant.
- *All paperwork, including a Mare Information Sheet, must be completed and in our office before any mare is bred.
- *Please have your mare at our breeding shed on time! A veterinarian is in attendance at all breedings and must depart immediately after the last mare is bred. Please be at our shed promptly.
- * **Mares will not be bred without proper I.D.** All mares must have proper identification when presented for breeding (**halter or neck strap with her name**).
- *All maiden mares must be jumped prior to their first visit.
- *Please indicate at time of booking if mare has any characteristics or conditions that our breeding shed needs to be aware of (for example--difficult to handle, sight or other physical impairments, etc.)
- *"First cover" mares will **ALWAYS** be given priority over "double" mares.
- *Pin Oak Stud will make every reasonable attempt to impregnate your mare but reserves the right not to breed the mare at any given session if mare is deemed a danger to the stallion and/or staff.
- *All state and federal requirements must be met.
- *Please contact us as soon as your mare is presumed in foal.

Clean culture required for ALL TRIPS except first-trip foaling mares and doubles			
	1st TRIP	2nd TRIP	3rd and SUBSEQUENT TRIPS
Domestic Maiden & Barren Mares	Uterine culture Maidens jumped before first trip to shed	Uterine culture	Uterine culture
Foaling Mares	No culture required	Uterine culture	Uterine culture
Imported Maiden Mares	Uterine culture 2 CEM cultures – see requirements below Maidens jumped before first trip to shed	Uterine culture	Uterine culture
Imported Barren Mares	Uterine culture 2 CEM cultures – see requirements below Quarantine release	Uterine culture	Uterine culture
Imported Foaling Mares	Quarantine release Endometrial culture – see requirements below	Uterine culture	Uterine culture

All mares visiting our breeding shed **must be vaccinated 7 – 90 days before breeding** for equine herpes virus Type I (Rhinomune, Pneumabort-K, etc.). A statement to this effect should accompany her to the breeding shed (may be included on culture certificate). Please call with any questions.

IMPORTED MAIDEN MARES: All fillies of foreign origin require two (2) sets of negative CEM cultures from the clitoral fossa, clitoral sinus(es) and cervix (from cultures collected on days 1, 4 and 7), and one (1) negative CEM culture from the endometrium before being qualified for cover. The endometrial culture may be included with either of the required sets of swabs, or in the case of a pregnant mare, may be collected after foaling. The first three (3) mares bred after the imported filly must be CF tested **15-25** days post-breeding. For those mares bred after an import, proof of CF blood having been drawn will be required for the second visit. Negative results of CF blood are required for the third visit. A negative aerobic uterine culture is required within 30 days prior to the first visit. A negative aerobic uterine culture is required for a third visit and every subsequent visit thereafter (not including doubles). **Maiden mares must be jumped prior to the first visit.**

IMPORTED FOALING & BARREN MARES: Contact the State Veterinarian’s Office in Frankfort, Kentucky regarding testing procedures and acquisition of quarantine releases. A copy of the Quarantine Release must accompany the mare on her first trip to the breeding shed. The first three (3) mares bred after the imported mare will be required to have a CF test drawn **15-25** days post-breeding. Proof of CF blood having been drawn will be required for the second visit. Negative results of CF blood are required for the third visit. A negative aerobic uterine culture is required for barren mares within 30 days of the first visit and again on the third visit and every subsequent visit thereafter (not including doubles). A negative aerobic uterine culture is required for foaling mares on the second visit and every subsequent visit thereafter (not including doubles).
